Re: FEMA / State Individual Assistance Programs

Attached are two flyers (one in English, the other in Spanish) announcing the phone numbers that homeowners, renters and business owners can call for flood related assistance. As of the close of business yesterday, over 3,200 applications had been filed for FEMA assistance. Zero were from Ulster. Please help get the word out by posting the attached flyers in your town halls, and anywhere else your residents congregate.

Additionally, The US Department of Agriculture has issued a disaster declaration in association with the flood. Emergency loan applications may be filed for physical and production losses. More information will follow from the Farm Loan Managers.

Thank you for helping get the word out to your communities.
